

## #03 - Your MedVallée Newsletter – March 2026

**Are you a start-up, SME, large group, researcher, entrepreneur, institutional player... in the field of global health? Find out here and on [MEDVALLEE](#) website all the news, events and calls for projects that you don't want to miss!**

*MedVallée's objective is to stimulate innovation, support companies growth, strengthen the region's international attractiveness and meet the major challenges of tomorrow in the field of global health.*

### **Featured: DMS Imaging Sets Course for Innovation**

**MORE INFOS** [👉 HERE](#)

**Discover how DMS Imaging is accelerating its medical revolution!**

Based in Gallargues-le-Montueux, the company has just secured €20 million in financing from the European Investment Bank, with support from the InvestEU program.

This strategic step will enable the development of autonomous radiology tables and innovative imaging solutions, incorporating artificial intelligence to address medical deserts and the shortage of radiologists.

With a presence in 140 countries, DMS Group is reaffirming its ambition to become a European leader in medical imaging, while remaining deeply rooted in its local region, at the heart of MedVallée and the Cap Gallargues area, a driving force for regional innovation.
