

# MEDVALLÉE, THE FUTURE IS BEING INVENTED HERE!

Political desire and resources make Montpellier a worldwide hub for Excellence in Global Health, creating unified and coordinated momentum for stakeholders in health, food, and the environment.

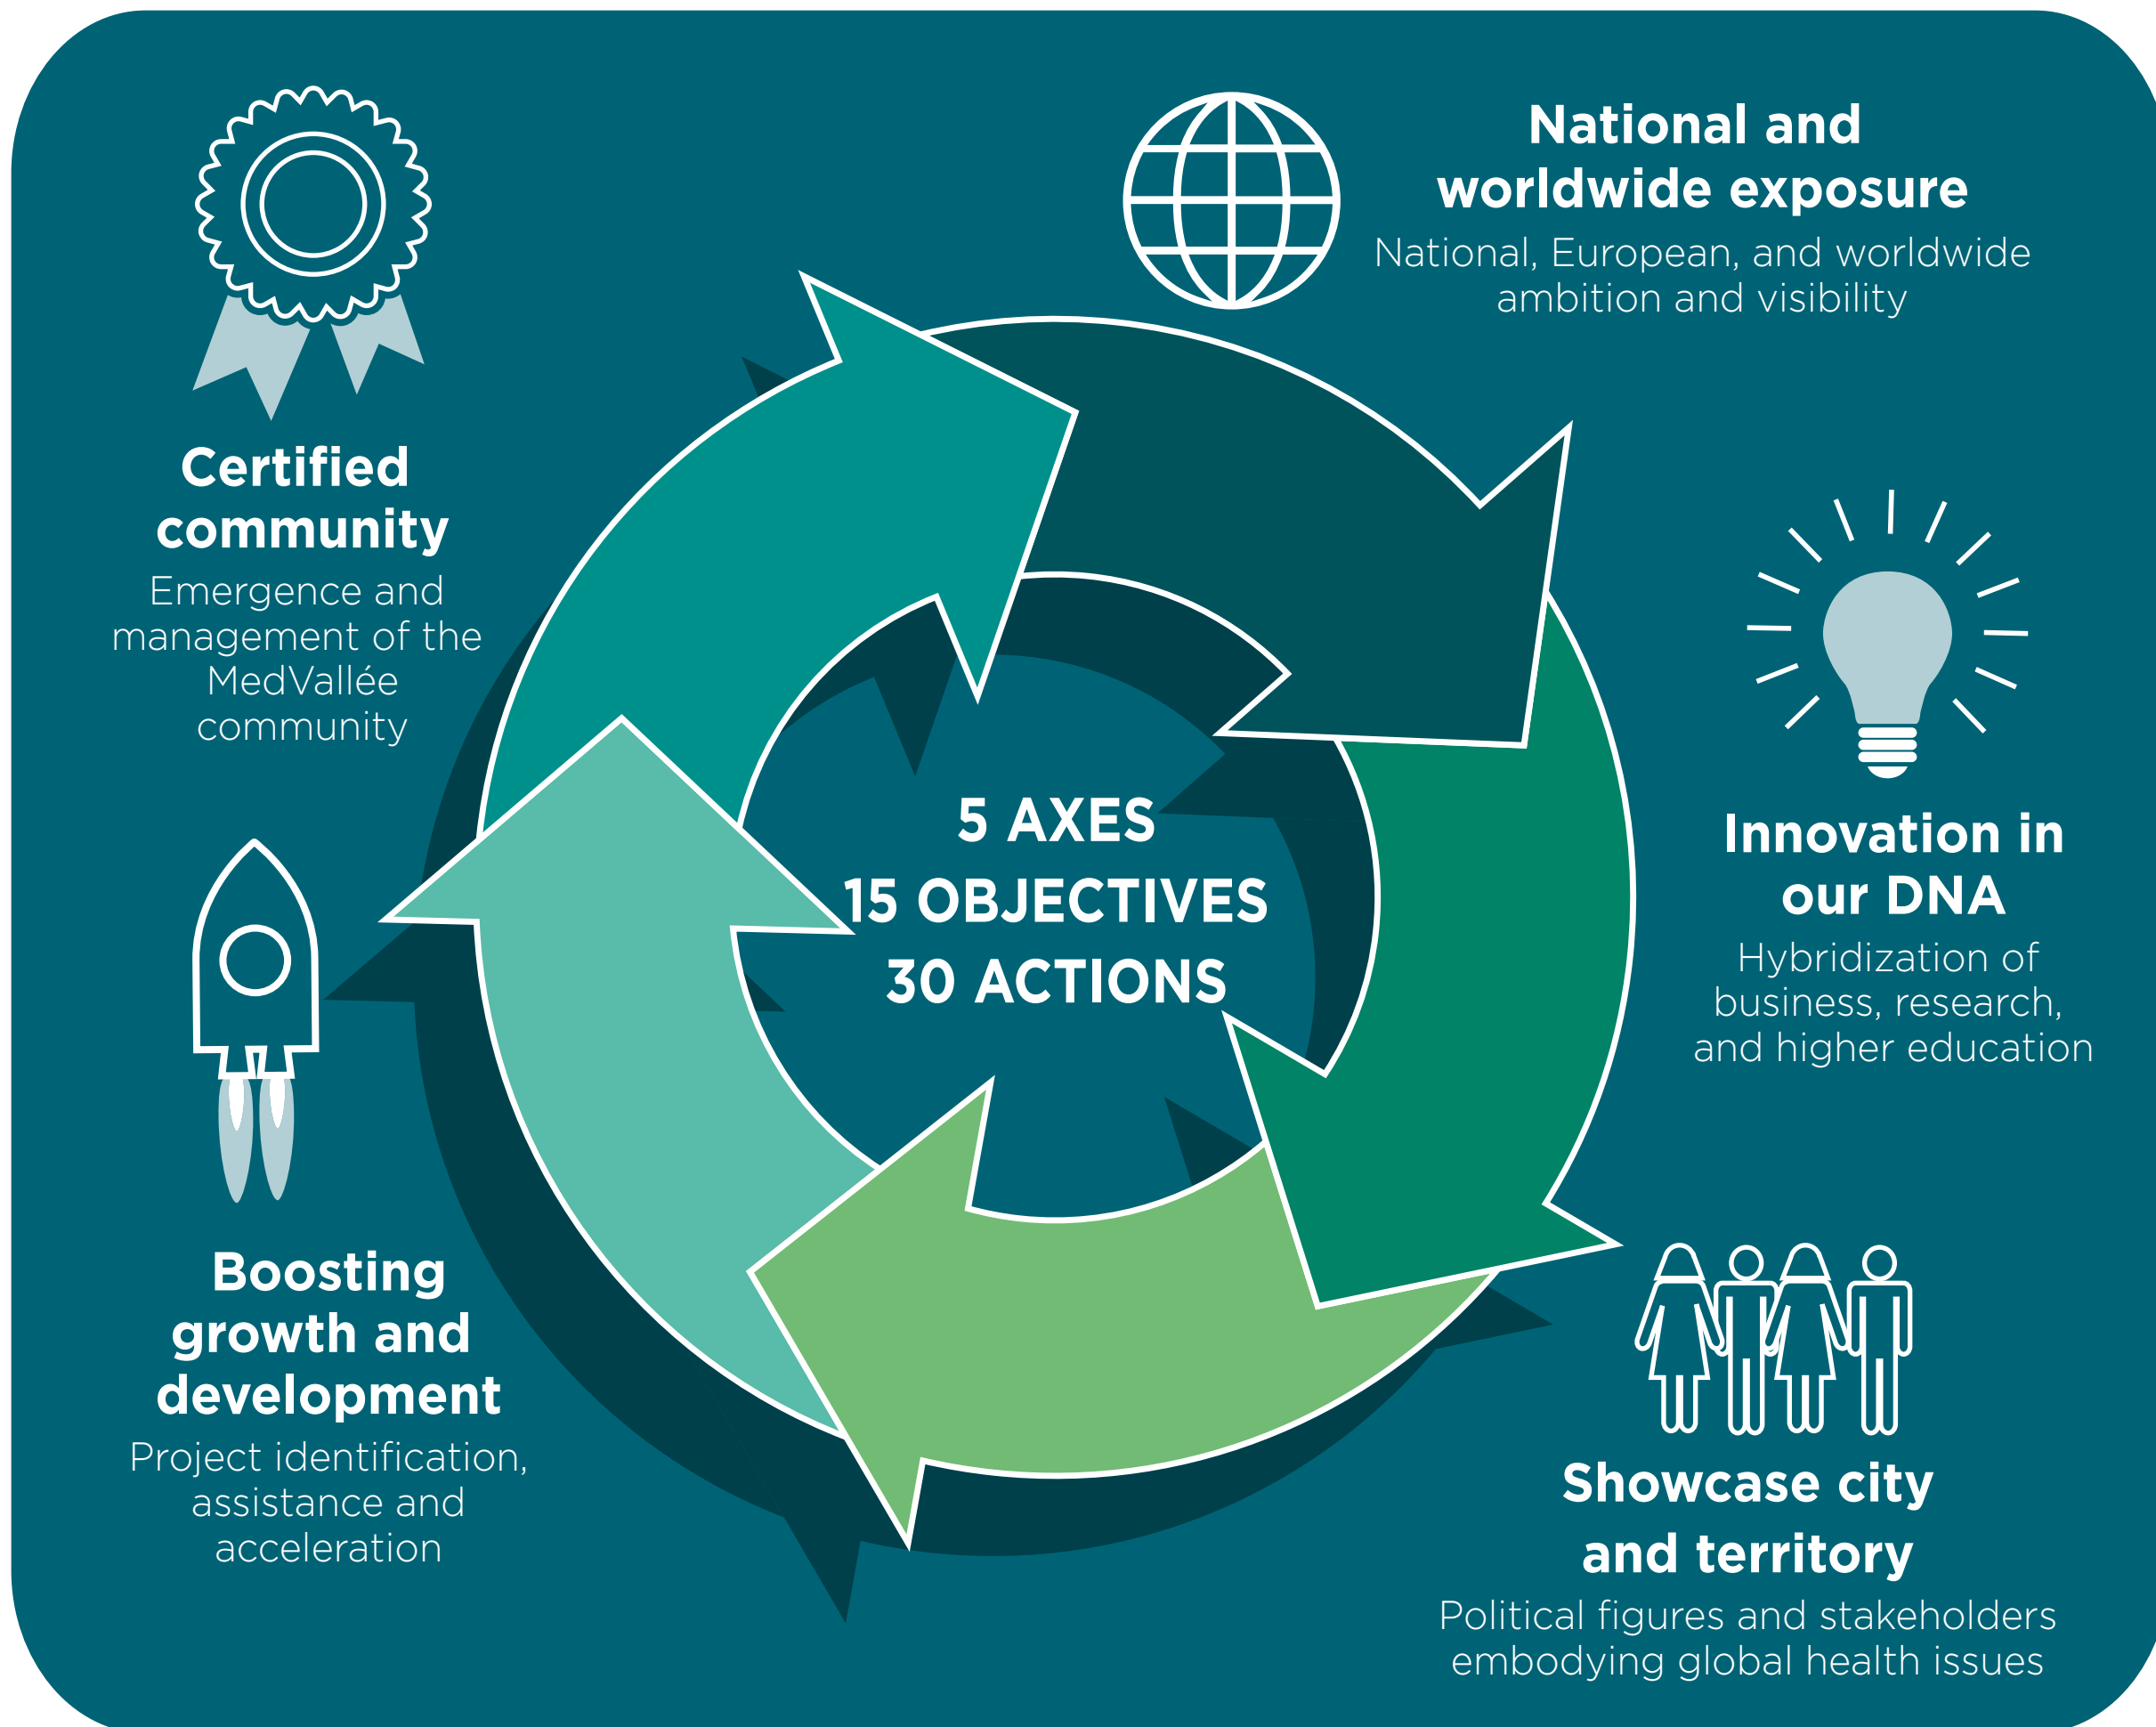

## A TERRITORY-WIDE PROJECT AT THE INTERSECTION OF 3 EXCELLENCE SECTORS

## BUILDING AND PROMOTING BETTER GLOBAL HEALTH

## METHOD: JOINTLY DESIGNING A UNIFYING AND AGILE GOVERNANCE SYSTEM

## OPERATIONAL TOOL: "LA FABRIK"

An emblematic part of the program, "La Fabrik MEDVALLÉE" brings together ecosystem stakeholders, meeting in workshops to jointly establish MedVallée.

## WHAT PEOPLE ARE SAYING

"MedVallée is changing our way of innovating and changing the world. The benefit is that it implements two powerful levers: attractiveness and an unprecedented community."

**Véronique Bellon Maurel**  
INRAE, Director of #DigitAg, Digital Agriculture Convergence Lab

"MedVallée will bring **fresh synergies**. With its attractiveness, this cluster will attract new talent, which is important with respect to our recruitment needs."

**Raphaël Gaillard**  
CEO, Watertracks

"MedVallée was a **determining factor** in our decision to set up in Montpellier."

**Hong Tuan Duong**  
CEO, PredictCan

"The MedVallée project reflects the Bulane's values in terms of innovation and sustainable development."

**Nicolas JEREZ**  
CEO, Bulane
